This is the most popular time-management system in the world (available in 27 languages).

Time management is really management of your life. Time management is the ability to determine the sequence of events—what you do first, what you do second, and what you don't do at all.

In this fast-moving, one-day workshop, you learn how to apply the most important personal management principles ever discovered to every area of your life.

The goal of Eat That Frog! is to enable you to double your productivity, performance and output.

### The Benefits
